PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U S Patent Office, Washington

22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S. Patent Office for the purpose of receiving and forwarding to the same all such models specimens of ingredients and manufactures as shall be intended to be patented, or deposited therein which will be received and forwarded free of expense and risk to their owners and with all possible despatch. The subscriber will prepare Caveats, Specifications Assignments and all the necessary Papers and Drawings, will make researches into American and Foreign works for establishing the validity or utility of inventions, and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. The experience of fifteen year's practice—an extensive collection of rare works, documents, decisions &c on mechanical subjects and the Patent Laws—and patents of different countries, collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents, which in other respects might be difficult of attainment

M'Allister's ALL-HEALING Ointment,

FOR THE CURE OF Colds, coughs consumption, for scrofula, scurvy and all cutaneous eruptions, for bruises, burns, ulcers, sores of all kinds, and general or local debility

This celebrated Ointment has a most striking effect upon the blood in cleansing it from all impurities upon the neuro-al fluid, which lubricates the joints and thus removes stiffness soreness & pain upon the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groins, the axilla or under the arm about the ear, and all other parts of the body

This All Healing Ointment is equally efficacious in promoting the secretions of the kidneys relieving from retention of urine, and by restoring the tone and function of the urinary organs thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing neuralgia St Vitus's dance palsy paralyses numbness or want of feeling or power of motion from some local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body and attacks disease in whatever part located whether on the surface or internal organs

We speak the things which we know of the astounding efficacy of this justly celebrated invaluable and worthily named ALL HEALING OINTMENT. The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured and the more than ten thousand hearts which have been comforted and cheered by its salubrious efficacy, testifying to the truth of all, and more than all, herein inserted

DR WARREN'S

SARSAPARILLA TOMATO AND WILD CHERRY

PHYSICAL BITTERS,

At 50 cents per Bottle

SARSAPARILLA TOMATO and WILD CHERRY BITTERS have now become a standard Medicine, universally approved of by the Public for their … especially in Scrofulous, Mercurial and Cutaneous Diseases, Jaundice, Indigestion, Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak Stomach, Ulcers and running Sores, Swelling of the Glands, Pains in the Bones, Tumors in the throat, Rheumatic affections, Salt Rheum, Erysipelas, bad blood, Eruptions on the face and body, Cancerous sores, King's Evil, Chronic catarrh, languor, debility headache, dizziness, sallow complexion, and all those disorders which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired

The extract here presented is prepared after long experience by the celebrated Dr Warren whose name it bears, and it will be found superior to any preparation of the kind now in use. It is highly concentrated entirely vegetable and very finely flavored to the taste. The change which it produces in the condition and tendency of the system is speedy and permanent

As a Spring Medicine for purifying the blood—strengthening the stomach and body and checking consumptive habits the Sarsaparilla Tomato and Wild Cherry Bitters are entirely unrivalled

Prepared and sold by DAVID F BRADLEE at the *Magazine de Sante* (Magazine of Health) 130 Washington street, Boston. The Great Remedy for Gonorrhea

GLEET, Stricture and all analogous complaints, is **Dr. DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms that during his practice of forty years this Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged, entirely cured

If the unfortunate instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emancipated bodies and sallow countenances as we do at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient rely upon the most beneficial course of treatment that can possibly be adopted

MADAME DUPEE,

Female Physician,

RESPECTFULLY informs the Ladies of Boston that she will attend to all cases of Female Diseases.

Madame Dupee is well known in this country as a celebrated Female Physician from Paris. She has practiced in the city of New Orleans for ten years past with unparalleled success

Madame Dupee attends only to the diseases of females. She is the widow of Dr Dupee of Paris and uses the celebrated Pills known as Dr Dupee's Female Monthly Pills. These Pills have long been in use in Europe and the United States, and are well known by ladies to be the great regulator of the menses having never been known to fail

Madame Dupee cautions married ladies not to use these Pills during pregnancy.

Females laboring under various weaknesses peculiar to their sex may consult Madame Dupee with the utmost confidence, being sure of relief and a positive cure. The articles above … in all cases. Price of the Pills $5 00 a box, and a cure warranted in all cases. All communications (post paid) with a fee enclosed, will be promptly attended to.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, other vegetable origin are combined, designed to render them more active, and consequently more immediately effective

The Dock, or rather a species of it, now ranks as a medicinal plant second to no one of the vegetable kingdom. With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract must not be relied on and least liable to decomposition is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues for a long time without heat or any other accelerating agent. None is permitted to be used in the compound that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofula Erysipelas Ulcerous affections Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature intense application exposures to extremes of heat and cold overtasking the physical powers and other abuses of the constitution among which are Neuralgia, Piles Affection of the Liver Bilious Complaints and Dyspepsia or Indigestion

In diseases of warm climates with which the proprietor became familiar in his practice in Havana some years since the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use in this city where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general to whom he is known

Graefenberg Company's Office,

50 Broadway New York … January 1st 1848

THE very great increase of the Graefenberg Company's business in New England, has rendered it necessary to reorganize the General Agency there. This is therefore to certify that the *New England Branch of the Graefenberg Company* is now established at No 154 Washington st Boston and that Mr EDWIN C BARNES is duly appointed Secretary of said Branch, and that he is authorized to establish Local Depots and to grant rights to vend the company's medicines. Every Agent must have a certificate with the seal of the Company thereunto signed by its Secretary, and countersigned by the aforesaid Branch Secretary. No one is authorized to sell the Company's Medicines without such certificate

EDWIN BARTON, *Secretary.*

GRAEFENBERG MEDICINES.

The undersigned is fully prepared to establish a GRAEFENBERG DEPOT in all places of proper size in New England (except the State of Connecticut and that portion of Vermont west of the Green Mountains) and also in the British Provinces of New Brunswick and Nova Scotia. Immediate application should be made either personally or by letter. As there will ordinarily be but one Depot in a town or village the Agency will be very valuable

The leading article to which public attention is invited is the

GRAEFENBERG VEGETABLE PILLS

of which 30,000 boxes are sold each and every week. The following complaints yield with certainty to their power *Asthma Bilious Complaints, Catarrh Costiveness Dyspepsia Erysipelas Imperfect Digestion Fluor Albus Green Sickness Heart burn Headache Jaundice Liver Complaints, Rheumatism* and various *diseases of the Stomach*. In all CHRONIC COMPLAINTS the most implicit reliance may be placed upon them. Price 25 cents a box

The names of the other Medicines are as follows.

THE CHILDREN'S PANACEA

For summer complaints dysentery and all other affections of the stomach and bowels it is infallible. Price 50 cents a bottle

THE GRAEFENBERG SARSAPARILLA COMPOUND

Warranted to make two quarts superior to any in the world. Price one dollar a bottle

THE GREEN MOUNTAIN VEGETABLE OINTMENT

Wherever inflammation exists, this Ointment is a positive and speedy cure. Price 25 and 50 cents a box

THE GRAEFENBERG EYE LOTION

For disorders of the Eye this Lotion has no equal. For violent inflammation weakness, or foreign substances in the eyes it is an unfailing remedy. Price 25 cents a bottle with full directions

The GRAEFENBERG HEALTH BITTERS

Sovereign to build up the enervated system to restore the appetite and clear the skin. Price 25 cents a package

THE CONSUMPTIVE'S BALM

This most extraordinary article is infallible positively in Consumption Bronchitis and Bleeding at the Lungs. It is only sent as ordered at $3 the quart. Consumptives may be sure of finding in this article that which will not disappoint their hopes.

The Graefenberg Gazette, published by the Company for gratuitous distribution, may be had on application to any one of their numerous Agents

British Periodical Literature.

Subscribe early while the terms are low!!

RE-PUBLICATION OF

The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review,
AND
Blackwood's Edinburgh Magazine.

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers in a beautiful clear type, on fine white paper, and are faithful copies of the originals—BLACKWOOD'S MAGAZINE being an exact *fac simile* of the Edinburgh edition

They embrace the views of the three great parties in England—Tory, Whig and Radical—Blackwood and the London Quarterly are Tory, the Edinburgh Review Whig, and the Westminster Review Radical. The North British Review is more of a religious character having been originally edited by Dr Chalmers, and now since his death being conducted by his son in law, Dr Hanna, associated with Sir David Brewster. Its literary character is of the very highest order

Prices for 1848 *(if subscribed for early)*

For any one of the four Reviews,		$3 00	per ann
For any two	do	5 00	do
For any three	do	7 00	do
For all four of the Reviews		8 00	do
For Blackwood's Magazine		3 00	do
For Blackwood and three Reviews		9 00	do
For Blackwood and the four Reviews		10 00	do

Payment to be made in all cases in advance

CLUBBING

Four copies of any or all of the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

EARLY COPIES.

A late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we shall be able to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers we pay so large a consideration that we may be compelled to raise the price of the Magazine. Therefore we repeat *subscribe early while the price is low*

Remittances and communications should be always addressed, postpaid or franked, to the publishers,

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye. This is an advantage that Dr D has above all other practitioners and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient of the disease with which they are afflicted. The age and length of time the patient has been suffering is all the Dr will require to give them a most thorough knowledge of their complaint and whether or no a cure can be effected

Dr D has been very successful in the treatment of Colds, Coughs Consumptions and Liver Complaints all Pulmonary diseases, Scrofula Rheumatism Fits, Dysentery all diseases of the Eye and Ear, diseases of the Blood Palpitation of the Heart Gout Salt Rheum Cancers, cutaneous diseases and all affections of the kidneys and bladder, Tic doloreau, Hernia Abdominal Weakness, Tooth ache Intemperance Stammering. Dr D warrants a cure of any of the above diseases, if applied to in season

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 AM and from 2 to 5 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package

All communications (post paid), with a fee enclosed, will be strictly attended to

MONDAY, MAY 15, 1848.

BATTLE OF SANTA CRUZ,

IN WHICH

THE MEXICANS WERE DEFEATED.

WITH THE LOSS OF

ONE HUNDRED AND FIFTY KILLED

$300,000 WORTH OF MEXICAN PROPERTY

CAPTURED.

Later from the City of Mexico.

The Mexican Congress.

Deserters, Burglars, Murderers, &c. &c. &c.

Petersburg, May 10, 1848.

Advices from New Orleans to the 4th instant have been received by special overland express.

The steamer Fashion, from Bravos Santiago, had arrived Among the passengers was J L Collins, of New York city, who bears despatches from Generals Price and Wool, to Washington. He states that on the 5th of March a Mexican Lieutenant sent word that a small party had been captured near El Passo

This, with information that Gen Urres had designs upon that post, induced Gen Price to proceed to its relief But finding, on his arrival there, that no such danger was to be apprehended, he determined to advance upon Santa Cruz, where government troops, with from 1500 to2000 troops were stationed

Gen Trias, the Mexican chief, having fortified the place, awaited the attack. After a fruitless parley of eight days, Gen Price assaulted, and although a gallant resistance was made, succeeded in taking the place, and capturing fourteen pieces of artillery, two thousand stand of arms, and some $300,000 worth of public property.

On the 18th Gen Price proceeded with part of his force to Chihuahua, leaving Lieut Col. Ralls in command of the Remainder, with orders to follow as soon as practicable

Gen Trias, forty of his officers, and his troops were paroled.

The Mexican loss was one hundred and fifty killed, and as many more wounded. Our loss was five killed, and twenty wounded, of whom two have since died

The schooner Heroine arrived from Vera Cruz on the 3d instant

No quorum of the Congress, at Queretaro, had yet been got together. Sixteen deputies and four senators were still waiting for the transaction of business The members of the Congress who had arrived, expressed themselves as being very favorably disposed for peace

The trial of Captains Hare, Dutton, and the other persons, accused of the late murder and attempt at burglary, is still going on.

Fifty or twenty Americans deserters enlisted recently in the Mexican army.

From Mexico—Peace Prospects.

The Express publishes the following letter and says that it is from a highly intelligent and respectable gentleman, who was formerly American Consul at the City of Mexico

New Orleans, May 1, 1848.

My Dear Sir. I arrived here the night before last, direct from the city of Mexico, in the steamer Augusta, and shall set out at 4 P M for Washington via Charleston

Our commissioners, the new ones, arrived at Mexico on the 14th and 17th, Mr Clifford in advance The Treaty will be ratified with all the amendments to rely upon it. I had an interview with Gen Mora, the Commissioner of the Mexican Government in the city of Mexico, the day before I left. He assured me that the amendments were not and would not be objectionable to its ratification. The elections for Senators took place in the city on the 2d ult, the peace party gaining by large majorities That for Deputies was to have taken place on the 15th, and the peace party would carry all before it.—The Mexican Congress could not organize itself before about the 1st of May at most, admitting no squabblers among them Its first step will be the election of a President in the person of Herrera, and the next will be the Treaty — The war party were not satisfied, but the 17th article of the armistice put a stopper in their mouths, and they are coming over in order to share some of the three millions You of a me at your friends may be interested in this news, and the facts are, I believe, known to no other person.

There will be some struggle in relation to the three millions, between themselves; but as the Army cannot leave before the end of October, all will be kept quiet among them till then—after which God knows what will become of them.

A letter from the city of Mexico, dated the 19th says.

The Court of Inquiry will be through with the evidence here this week, but of the information I have received be correct, it may be delayed to investigate another case I am told and consider my authority good, that serious charges are to be preferred against Gen Scott by the Government, as it is said, for attempting to buy a peace with Santa Anna.

Queretaro, April 15th, 1848

It is generally believed that Congress will meet after the Easter holidays, that is from the 1st to the 5th of next month.

The number of deputies wanting for a quorum now is 16 to 18, and the number of Senators wanting is 6

All the opinions expressed up to this time by the members of the new Congress are in favor of peace.

From St. Domingo.

Accounts to the 15th ult, have been received from Bluefields, by the arrival of the brig Ellsworth. Capt. Williams, of the E, informs us that another revolution had taken place a short time previous to his departure The ministers were arming themselves with a determination to destroy the present heads of the government The utmost excitement prevailed on the island. [N. Y. Herald.

Boston, May 13—3 P. M

The steamer Hermann, Capt. Crabtree, now sixteen days out, had not been telegraphed on New York this afternoon at 2 P M.

Arrived this afternoon, brk Sarah Warren, Curtis, Havana, 27th ult; schr Robert Rantoul, Jr. Deane, Portland, anchored off Newburyport during the gale on Thursday, and lost and stove 56 bbls. molasses Brig, a lumber laden schr at anchor, with both masts gone away.

Melancholy Casualty.

We learn from the Eastern Argus that a most lamentable casualty occurred at the Bar Mills Village, Hollis, on Friday afternoon, the 5th inst.

Mr Thomas Kimball and Daniel Guilford were employed in removing a slab pile from the foot of the double saw mill, just above the bridge when the timbers upon which the pile rested, gave way and sank to the water beneath. Kimball was buried beneath the falling pile to the depth of six feet, and must have been instantly killed by their pressure. The other man, Guilford, came to the surface.

Mr Kimball leaves a widow and four children.

☞ The Mozartorens will give one of their unique and highly attractive concerts this evening, at the City Hall.

MAINE LEGISLATURE.

Tuesday, May 23, 1848

In the House—The session was mostly occupied in filling the vacancies in the Senate — The candidate of the majority were elected — A motion was had upon the vacancy in Cumberland—The death of Mr Horne not having been announced.

The report of the Committee on the vote for Governor, was accepted in concurrence, as follows:

Whole number of ballots	65,311
For John W Dana,	33,429
For David Bronson,	29 246
For Samuel Fessenden,	2,224
Scattering,	275

The returns from two or three small plantations only were rejected

A joint Committee was appointed to wait on the Governor elect

The Senate was occupied upon the same matter with the House.

Augusta, May 12 1848.

In the Senate it was announced that the Hon John W Dana would attend a convention of the legislature for the purpose of taking and subscribing the oath of office at such time as shall be the order. Eleven o'clock was assigned

A convention was formed, the oath taken, and proclamation made.

The Secretary of State had upon the table the written Message of the Governor, and the Report of the Land agent and the Board of Inspectors of the State prison 500 copies of the message were ordered to be printed.

In the House, the same business was attended to as in the Senate and 1000 copies of the message were ordered to be printed.

GOVERNOR'S MESSAGE.

Gentlemen of the Senate
and House of Representatives,

In looking back upon the year, which is now added to the records of the past, the mind turns, with painful regret to the melancholy event which has suddenly deprived Maine of one of her Representatives in the councils of the Nation. In Gov. Fairfield an honest man has fallen—a discreet and patriotic statesman has been withdrawn from his earthly scene of labor, and transferred to a more elevated sphere of action, and expansion. No citizen of the State has shared more largely in the confidence of the people, or been longer continued in those several important public trusts.

The vacancy, occasioned by his death, I have filled by the appointment of Hon. Wyman B. S. Shaw. The constitution imposes upon you the election of his successor

During the year just closed, $180,000 of the funded debt of the State has been paid. To provide means for the payment of this debt, it was necessary for the last Legislature to authorize the sale of the United States stock in the Treasury, or a requisition upon the Banks for a temporary loan. The latter alternative was adopted. Under the authority granted, and with my approval, the Treasurer has made a requisition upon the several Banks in the State for an amount equal to 2 per cent of their capital stock,—about $110,000 The requisition has been promptly met. The interests of the State and of the business community will both be promoted by the early repayment of this loan. The right reserved by the State to require a loan from Banks, was only intended to be exercised in an emergency, and for temporary purposes, and should not be regarded as a permanent aid to the operations of the Treasury. Nearly one half of our funded debt falls due in 1851 If we can pass that point without resorting to increased taxation, or being forced again into the market as a borrower, our remaining debt can be paid, with comparative ease, as it comes to maturity. To provide for the debt of 1851, the annual amount of $200,000 will be necessary. I have reason to believe, that, under a system of strict economy in expenditures, the avails of an annual tax of $200,000 and the receipts of the Land Office, if successful in its operations, added to our United states stock, will be sufficient to defray, until that time, the ordinary expenses of the Government, reimburse the recent loan from the Banks, and redeem the funded debt due that year.—The United States stock should be set apart as a fund for the payment of that debt. Perhaps you may deem it judicious to authorize the Treasurer to exchange it for that the, if a favorable opportunity offers.

As the State Tax payable this year is but $100,000, probably the receipts of the Treasury will not exceed the immediate wants of the Government until January, 1849 when a tax of $200,000 will be payable. After that time a surplus may be anticipated, and should be applied, as it shall accrue, to the payment of the debt to the Banks.

For a more full exposition of our monetary affairs, I refer you to the annual report of the Treasurer.

The report of the Land Agent, which I herewith transmit, will present to you the operations of that department for the year ending December 31st, 1847 The amount paid by him, during that time, into the Treasury, is $15,000.— You will undoubtedly deem it expedient to authorize further expenditures upon roads, located upon the public lands, with a view to opening them to settlement; especially upon those which are necessary for communication between the inhabitants of the territory bordering upon the St John and other portions of the State Allusion is made in the report to the limited sale of settling lands, and to the depressed condition of the agricultural interests upon the St John and its tributaries. This state of things undoubtedly results from the want of the market which lumbering operations have usually afforded for the agricultural products of that region. The great depression in the price of timber in Great Britain, rendered it judicious for the State to withhold permits, and a resolve was passed to that effect in 1846 Who never Lumbers in that country shall have resumed its accustomed activity, the necessary arrival will command a remunerating price, and I recommend such a modification of that resolve as will authorize the Land Agent to issue permits gradually, as the demand for timber may justify, without reviving the former auction system which in a measure induced the recent too extensive and speculative transactions, so injurious to the state and ruinous to purchasers

Under such a discretionary power, our timber may be sold for its full value, the payments more amply secured, and our lumbering operations made to facilitate and prosper settlements upon the public lands, instead of resulting chiefly to the benefit of foreigners.

In presenting to you the Report of the Board of Education, and of their Secretary, I cannot but congratulate you upon their apparent success in awakening an interest in the subject to which their labors are devoted. This organization was intended and its efforts are directed to fix public attention upon the importance of a high standard of universal education; and to collect and diffuse the results of diversified experience, in adapting means to this great end. When the end becomes fully appreciated and the means apparent, success is sure, and philanthropy may, in a great measure, cease her mourning over ignorance, vice and crime.

The manifest interest and favor with which every portion of the State regards the Asylum for the Insane, will, without any solicitation on my part, prompt your attention to its affairs, and a favorable consideration of its wants, as exhibited in the accompanying Report of the Trustees and Superintendant.

The amount appropriated by the last Legislature for the benefit of the deaf, dumb, and blind was less than usual, and insufficient to carry out the benevolent policy which has been adopted towards that unfortunate portion of our fellow citizens. It is understood that an additional appropriation was intended, but accidentally omitted by the Committee on the last appropriation bill of that session The deficiency has been supplied from the contingent fund of the Governor and Council. The sum required, the ensuing year, for this will be about $5000, The appropriation for the benefit of children on the Madawaska settlement has been nearly expended. The peculiar condition of that population strongly indicates the propriety of affording them aid further aid in their primary efforts in securing to their children the benefits of an education.

The expenses and liabilities incurred by the State to meet the requisition for troops for the Mexican service, have been liquidated. It is but just that the amount thus expended should be refunded by the General Government.

In my last annual message I urged upon the Legislature the importance of a compensation of the militia, and why refrain from removing the recommendation at this time, because I am convinced, from past indications, that any suggestions on that subject would be unavailing. The future will discloe whether our anticipations of outrage and violence upon the unprotected persons and property of our citizens are unfounded.

The accompanying Report of the Bank Commissioners will exhibit to you the condition of the Banks and the state of our currency.

I communicate herewith the Reports of the Inspectors of the State Prison. In one of them, your attention will be called to the evils resulting from the indiscriminate association of those who have but taken their first step on the path of crime, with the hardened, hopeless criminal The reformation of the offender is an important, though secondary object of punishment; but, under the present discipline, the object must be more than frustrated. It would seem due to humanity and the public morals, that a classification of convicts should be provided for, having regard to their advancement both in age and crime, and distinguishing between such as are sentenced for life and those who are to be restored again to society In connection with the subject of the State Prison, I would ask your attention to that of the punishment of capital offences. The impression has become a very general one upon the public mind, that capital punishment is practically abolished—The view taken is this,—that the law is not imperative upon the executive to order an execution, and that no Executive would voluntarily, of his own mere will, deprive a fellow-being of his life It is true that such a power should not be exercised, except under a most clear conception of duty; and it is important, too, that that duty is apparent, not only to the Executive performing it, but to the whole community, otherwise the Executive power of the State presents itself to the people in a light arbitrary, cruel and revengeful, instead of appearing, as it should, the mild, constitutional guardian of the rights of all

Again, if our statute is susceptible of two constructions which its diversity of public sentiment seems to indicate, it undoubtedly will occur, that the person discharging the duties of the Executive at the time, will adopt one construction, and his successor another, thus requiring a ascertainment of the nature and degree of punishment, which should always attach to crime. The subject is of too much importance to be left to speculation, or doubtful construction.

There is no law fixing the duty of clerks of the courts to transmit to the Executive official evidence of conviction and sentence, for capital offences; and without this official evidence, he is distinctly precluded from ordering an execution This is obviously an omission, unless the framers of the statute intended it as an entire abolition of capital punishment; in they could not have designed that executions should depend upon the voluntary action of those officers

Numerous applications have been made during the year for the exercise of Executive clemency toward those convicted of crime; some of them urged by large and highly respectable portions of our fellow-citizens, and appealing painfully to my sympathy With a few exceptions, I have felt impelled, by a strong sense of duty to the whole public, to resist these appeals. The great object of punishment is, to deter others from crime; and its power to produce this result has more in its certainty than in its severity. The mere possibility of a severe punishment possesses by an ominous, the restraining influence which attaches to the certainty of one more mild. Let the conviction be produced upon the public mind, that even a mild punishment must inevitably follow crime, but few crimes would be committed. But if, to the necessary uncertainty of discovery, arrest, and conviction, we add the impression that the pardoning power is easy of access,—the influence, friends, and sympathy can open the prison doors —we place in direct conflict with severe state laws, a total repeal of our penal code In exercise of the application for pardon, it has been alleged that the punishment was too severe for the crime committed. It is a proper question for your investigation, whether any portion of our criminal law is characterized by cruelty and harshness; if so, the spirit of the age demands of you some amelioration; but, if not the Executive has no right to shrink from its enforcement It is true that human wisdom cannot frame a code of laws which will not bear, with a seeming unintended, upon individual cases which may arise, strongly marked with alleviating circumstances For such cases the pardoning power was intended, and should be exercised; but its indiscriminate or general use, for the purpose of reversing the verdicts of juries, or the sentences of our courts, is entirely subversive of our whole system of criminal jurisprudence

Assembled here as the agents of a free, sovereign, and happy people, to represent their interests and provide for their welfare, we cannot but sympathise with the millions of our fellow beings, who are now struggling to wrest from despotic power an acknowledgement of the rights and consequent blessings which we enjoy Your interest in their success must be heightened by a consciousness that their aspirations for freedom have been warmed into life, and quickened into action, by the benign influence of our own institutions.

We have at length illustrated, by the results of successful experiment, that liberty and happiness to the governed, and strength to supreme internal commotions, or resist external aggressions and both ends attainable under a popular government The section at constantly inculcated by the friends of royalty, that our government was necessarily wanting in self sustaining power, has been, until recently, a great obstacle to the spread of liberal institutions throughout the civilized world But it has at length given way in admiration of the prompt ness, energy, and strength, which we have exhibited in defending our homes and firesides against threatened invasion; in carrying a decisive war into the heart of an enemy's country, and laying her prostrate at our feet, although protected by distance, by a pestilential climate, by superiority of numbers, by fortresses regarded impregnable, and by physical features that bid defiance to an invading army.

Wherever freedom had a friend, his eyes have been turned towards us with mingled hope and fear The events of the last two years have dispelled his fears and enabled him to regard with confidence, that liberty is not weakness—that a government based upon an enlightened popular will, may maintain its rights, its dignity and power

Our institutions have been for years the political light of the world; a light which is now fast dispelling, by its increased intensity, that darkness which envelopes and protects the royal prerogatives of thrones and crowns But there are those among us, many of them honest and sincere, who would dissolve our Union, because in some of the confederated States, an institution is permitted, which they regard as inconsistent with man's equality of rights—who would blot out from the political firmament that bright luminary, because they discover one dark spot upon its disc—who, failing to reach and at once suppress the limited slavery in our own land, would destroy the quiet but regulating influence which is inducing man, wherever he exists first to aspire and then to rise to the dignity of man Although the number of those who openly talk of disunion is now small, yet antagonistic and prejudices are assiduously cultivated and taking deep root, which, if cherished, must inevitably produce that result The tendency of the times is wrong—a tendency to underrate the blessings of the Union—to forget that it true to ourselves our mission is to emancipate the world. Men coolly count the value of the Union, in profits and dollars. But it should be remembered that those who framed it, intended that it should be perpetual, and therefore provided no means for its peaceful dissolution—that the bonds which unite us can only be dissolved in blood—that the first step from the Union is to civil war, its path anarchy, and its necessary end, most deplorable despotism Shall we thus practically renounce the doctrine our fathers asserted that man is capable of self government—draw down with our own hands the standard they raised for universal freedom, basely desert those who are doing battle valiantly under its ample folds, and leave the millions of our race without a hope of permanent relief from the cruel dynasties which oppress them?

The question of the extension of slavery into our Mexican territory, is the immediate occasion for increased disloyalty to the Union and for consequent increased anxiety among its friends I have an unshaken confidence that under the influence of the wisdom, prudence and patriotism of the country, this question may be adjusted without doing violence to the interests or feelings of any section; but if its settlement be surrendered to the direction of rashness and passion, I can see no end but dissolution.

In recalling the brilliant events of the war which Mexican injustice and assumption forced upon us, we cannot be insensible to the fate of thousands of our fellow citizens, who have offered up their lives to their country, in asserting her rights and defending her flag. Although Maine was precluded by distance from the seat of war, from furnishing her full quota of troops yet her sons have not withheld their blood from the general offering. The creation of a monument upon the public grounds, in the memory of those who have fallen, would be but a deserved tribute to their valor and patriotism, and as not calculated in some degree to assuage the grief of the friends who mourn their loss I trust the suggestion may meet your favorable consideration.

It will be regarded by every good citizen as a source of patriotic pride, that our Government has been able to sustain the necessarily heavy burthen of a foreign war, with a credit unimpaired and to manage its immense fiscal operations without disturbing the monetary affairs of the business community Impartial history will record the unavoidable necessity of this war and the vast importance of our conquests; while at the same time it does simple justice to the wisdom and forecast which directed, and the valor and skill which executed its unparalleled achievements

The recent commercial crisis in Europe produced a severe shock here, and the necessary uncertainty which must attend commercial transactions, during the present political convulsion, have curtailed and increased the pecuniary pressure and derangement. The unexampled tendency of the precious metals to this country during the past year, led many to anticipate an inflation of the currency and prices, and a general revulsion as the ultimate consequence If, while we were importing so largely both money and merchandize, the increased revenue of the Government had been permitted, as under our former revenue laws, to form a basis for an increased paper circulation, the anticipation would have been fearfully realized; but under our present system for the collection and safekeeping of the public money, a large portion of our circulating specie was withdrawn from the banks and from circulation, thus restraining, instead of stimulating the tendency to over issues and a redundant currency Peculiarly exposed as we were I cannot but ascribe our escape from the general bankruptcy which has over-spread England, and in a measure the Continent, to the healthful and corrective influence of the Independent Treasury

Thankful for the mercies that are past, and trusting in a kind Providence for the future, in entering upon the duties of a new political year, I commend you to the guidance of Him whose wisdom never errs.

JOHN W. DANA

Council Chamber,
Augusta, May 1848

CONGRESS.

Washington, May 10

In the Senate—

Mr Westcott, of Florida, moved to take up the bill for the relief of settlers under the Florida armed occupation act; which was agreed to The bill was then read a second and third time and passed

Mr Johnson of Maryland moved to take up the resolution which he had offered, and which was under discussion yesterday, calling upon the President for the names of Persons serving in the army of the United States whose nominations had been withheld from the Senate, which was agreed to

Mr J then addressed the Senate with his accustomed ability in favor of the resolution He contended that the Senate had the right to demand of the President the information sought for in the resolution. The Constitution declared the appointing power to be vested in the President who and with the advice and consent of the Senate, that no appointment was complete until the party nominated was confirmed by the Senate

Without concluding Mr J gave way to a motion to lay aside the morning business, and proceeded to take up the bill in favor of aiding Yucatan against the Indians, by the temporary military occupation of the country

Mr Cass obtained the floor, and addressed the Senate at length, and with ability, in support of the bill and urged its immediate passage He, in the course of his remarks, replied to Mr Niles, and contended that we had cause to watch, with jealous care, the designs of England upon portions of this continent.

Mr Davis, of Miss, has the floor on this question for to-morrow.

On motion, the Senate went into Executive Session

In the House—

The resolution offered by Mr Stephens of Ga, to stop all debate for the admission of Wisconsin into the Federal Union, on the 12th inst, was agreed to.

On motion the House resolved itself into a Committee of the Whole on the state of the Union, Mr Cobb of Ala in the chair, and took up the bill for the admission of Wisconsin into the Union as a sovereign State.

Mr Dickinson of Ohio, spoke at some length in favor of the bill

He was followed by Mr Gallaher of Vt, who spoke in opposition to the bill.

The bill was further discussed by Messrs. Morse, of La, John H Tweedy, delegate from Wisconsin, McClernand, of Ill, Jones of Tenn, and Smith of Ind. The committee then rose and reported the bill with amendments.

Adjourned.

Washington, May 11.

In the Senate—

Mr Davis of Mass, spoke at length upon the bill for the military occupation of Yucatan.

Mr Miller, of N. J, obtained the floor, when the Senate adjourned.

In the House—

The bill for the admission of Wisconsin into the Union, was passed.

Mr Lincoln moved to reconsider the vote and made a speech in support of his motion.

The House went into committee of the whole and took up the revolutionary pension bill, Several amendments were offered to the bill, and without coming to any final action, the committee rose and the House adjourned

☞ We are requested by the Hon. David Bronson to make known to the Whigs of Maine his wish not again to be put in nomination as a candidate for Governor He feels grateful for their past support, and hopes the day may be distant who is their exertions will be crowned with success. The Whigs of Maine are certainly not under less obligations to him, and with his consent, they would, we are confident, make a more vigorous effort than heretofore, to elect him, well satisfied that his election would be creditable to them, and promote the welfare and the best interests of the State.

[Ken. Journal

☞ Mr Samuel Brown, a young man of excellent character, while at work at Dunton's mills, was drowned, probably in a fit, on Saturday last

☞ We learn that on Friday night last keys were stolen from several store doors in this city. Rogues are hovering about our city and all interested should be on their guard.

☞ The storm on Thursday last was very severe in Massachusetts Bay. Lots of shipwrecks may be expected.

☞ There was a hard cold rain yesterday and the weather is still cloudy as though there was a plenty more left of the same sort.

Improvement of Lots.

To the Editor of the Whig and Courier.

As the spring of the year is peculiarly the season for making improvements upon our grounds, we would suggest that owners of either occupied or vacant lots in our city, devote a small portion of their leisure time this spring, in smoothing and levelling off rough, ungraded lots, and mowing down or repairing old fences, and setting out trees and shrubbery A few hours' work thus expended by each owner of an improved lot, would add greatly to the general appearance of our town, and enhance the value of the property too, fold the amount so expended.

Bangor is well laid out, and beautifully situated, presenting more bold and expanding points of view than most any other town in New England, and sometimes, perhaps, enlarge a proportion of substantially built blocks of stores and dwelling houses, as the average of older towns of equal population, yet it cannot be denied that we are far behind other large New England towns of equal importance, in the completeness of our streets and sidewalks, and tasteful improvements of our public and private lots. Some of the best city lots are suffered to lay open—encumbered with unsightly masses of rubish, an eye-sore to adjacent neighborhoods, when a few dollars outlay in cedar posts would furnish a neat enclosure, and with removal of the mass of rotten wood, &c., would convert these waste grounds into tasteful ornamental lots.

Many of our best streets are sadly disfigured by building and yard fences much out of repair, when it would not require so large a sum to put them in good fair order as the increase of rent for a single year might be realized by so doing A coat of paint, or whitewash, will metamorphose weather-beaten buildings into clean and tidy ones, and contribute to the public improvement of our city Strangers are at once struck (with what they term a peculiarity of down-East,) on visiting us, with the contrast afforded between many of our best private dwellings, and the outbuildings and fences attached—while the first are large and well built, the latter are not unfrequently suffered to remain in a most woful state of dilapidation.—This arises not from want of good taste upon the part of our citizens, so much as from their intentness upon their business, and they defer necessary improvement for more convenient time, which too often *doth* never appear

Let us all have sufficient public spirit *to move* in this business now at this fitting season; and without waiting for our neighbors to set the example, let each one do whatever his judgment, convenience, and means will admit of, to improve his grounds—and thereby do a public service

RHEUMATISM AND GOUT.—Wright's Indian Vegetable Pills are a most extraordinary medicine for the cure of Rheumatism and Gout, because they not only cleanse the stomach and bowels of those morbid humors which if taken into the circulation and thrown upon the membrane and muscle, are the cause of the above painful maladies, but they excite the abdominal vessels to take up that which is already deposited. And therefore are absolutely certain to make a perfect cure of Rheumatism and Gout. A single 25 cent box of said Indian Vegetable Pills will often give the most astonishing relief, and perseverance according to directions will be certain to drive pain of every description from the body.

BEWARE OF COUNTERFEITS AND IMITATIONS! *Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.*

The genuine for sale by DAVID BUGBEE, who is the only authorized agent for Bangor.

New England Office—198 Tremont Street, Boston.

ANOTHER IMPORTANT LETTER FROM GEORGIA READ IT.

We are daily receiving testimony like the following, from the North, South, East and West:

Messrs. Reeve & Ware,—Gentlemen: I was afflicted with Asthma for fourteen years, and had tried every remedy in the country, I had also been to several physicians and found no relief whatever. I was afflicted at times so severely that the blood would gush from my nose, and my breathing was difficult. Indeed, the disease had gained so much on me that I despaired of ever getting well, when I chanced to get a bottle of "WISTAR'S BALSAM OF WILD CHERRY," which effected a perfect cure, and I now consider myself perfectly sound.—This can be proved by numbers of men in Franklin county and vicinity, and I think it my duty to let it be known.

THOMAS A. PATRICK.

Franklin Co., Ga., Nov 18, 1846

None genuine unless signed I. BUTTS on the wrapper.

For sale wholesale and retail by GEO. W. LADD, Bangor. Sold also by dealers generally throughout the State. 3d&w m15

USE THE PROPER MEANS.—If you wish to be successful in any undertaking, you must always "use the proper means" Therefore, if you have a Cough, use JAYNE'S EXPECTORANT, and be cured, for it is the proper means. Have you Asthma or Difficulty of Breathing then the only effectual means to cure you is to use Jayne's *Expectorant*. It combines with mucus directly over it, the spasm which contracts the diameter of the wind tubes, and hoarseness and brings up the mucus which clogs them up, and thus removes every obstruction to a free respiration, while at the same time all inflammation is subdued, and a cure is certain to be effected.—Have you Bronchitis, Spitting of Blood Pleurisy, or in fact any PULMONARY AFFECTION, then use *Jayne's Expectorant* and relief is certain, and you will find that you have used the proper means.

☞ FEMALE BEAUTY.—CULPABLE NEGLECT It has been observed by writers from all other countries, as well as by persons of the first elevated taste in this, that in do country in there a larger share of female beauty and excellence than in the city. Yet, while the shop fitter, dressmaker, and milliner, are engaged in adorning "nature's best gift to man," one part appears almost totally neglected—THE HAIR. How frequently do the ravages of disease lay waste the delicate form of the fair and beautiful, and though restored again to health, yet those flowing locks which once adorned their heads fall off and never again return to their pristine beauty. It is inconceivable how any person, more especially a lady, can manifest so much indifference on this point, when a "NEVER FAILING REMEDY" can be obtained by purchasing Dr. JAYNE'S HAIR TONIC, which will perfectly restore this only neglected part of female adornment.

What is a dollar or two to complete the crowning point of female beauty.

Prepared only by Dr DJayne, Philadelphia, and sold on agency by G W LADD and J S INGRAHAM, Bangor

For sale in Oldtown, by H & J Y RICHARDSON.

Chloroform Toothache Drops.

It is well known that "CHLOROFORM" has superseded (in a great measure) the use of Ether, as an allayer of pain, and is now used by the best Surgeons and Dentists in preference. A celebrated Chemist (and one of the first manufacturers of Chloroform,) has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACHE. After trying it in many cases it has never failed to give relief; there is no pound de danger in using it, as it will not injure the nerve, teeth a parasite. All that is necessary in using these Drops, is to saturate well a bit of cotton or lint, and place it in the cavity of the tooth. Relief will be immediate.

None genuine without the signature of *Rose & Peer* on the wrapper. Sold at No. 19 Tremont Row, Boston.

For sale in Bangor by G. W. LADD. daw3m m8

Strippings and Molasses.

We see by his Family Physician, that Dr. A Anger Mann is again at his post, in the Editorial chair, at South Norridgewock. The Doctor's paper appears very finely, and is filled with eloquent notices of steadiness, &c., indicating a good degree of prosperity and bliss. The farmers up in Somerset undoubtedly keep very fat cows, for as to supply the Doctor with the richest of Strippings. Wonder when the Doctor intends to visit our city again! We believe his medicine is working favorably among his patients in this section.

NOTICE.

We have been requested by Doct. A. Anger Mann to say to his numerous friends and patrons in this vicinity that, his stay in this city having been protracted to its utmost limits, he has been compelled to leave to meet other pressing professional engagements. He hopes to be able to return within a month or two, of which due notice will be given.

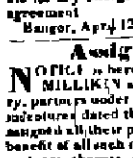
Important to Owners of Horses!

Dillow's Celebrated

HEAVE CURE!!!



Which has been used with such astonishing effect in France and England for the last twenty years is now and has for the last two years been performing the most wonderful cures ever known in this Country Since then

20,000 Cases of Heaves,
2500 cases of Chronic Coughs and Colds,
1000 cases of Catarrh and Nasal Gleet,
1500 cases of Affection of Bronchial Tubes and Glands,
800 cases of Thick and Broken Wind, and
600 cases of Surfeit on all the lungs,

Have been cured by three months' use of this remedy, many in the short space of one week. The following is one of the hundreds of certificates in our possession, prov ng its Universal efficacy,

New Scotland Albany Co N Y.
February 12th, 1847

Messrs Ford & Grant Gentlemen I hereby certify that I purchased of you a package of Dillow's Heave Cure, which I gave to a horse in the winter of 1845 7 troubled with the heaves, which he was the most aggravated case of the kind I ever saw. He was so bad he could not go a mile without stopping to breathe for ten minutes. I had used a number of bottles of Dillow's Heave Cure, which entirely relieved him, and he has remained sound ever since. I have also used it in my family for a bad cough, with the most wonderful success. I cheerfully recommend it to the public as the best medicine I ever saw for the above complaints. Yours truly

JAMES M WILLIAMS

UNIVERSAL CONDITION MEDICINE.

Read the following proofs of the greatest Boon to Farmers ever discovered

Messrs Ford & Grant Gentlemen—At the request of your Agent here I took pleasure in giving a certificate of Dillow's Heave Cure As an *Universal Condition Medicine*, as well as a sure cure for the Heaves, I consider it invaluable having found in my stables that broken down horses receiving a few doses of it have recovered their usual health and vigor, thereby adding to the value of the animal and rendering him fit for service. I also found it to be a sure cure for Scratches, Grease, Mud Fever, Inflammation of the Kidneys and Lungs. I consider it to be a vegetable compound which operates upon the animal system in the same manner that Wistar's Balsam and Sarsaparilla operates upon the human system I would call the attention of the horse owning public to the fact that some females of the above Diseases are contracted through neglect during the Monthly Season or time of changing the hair, which takes place during the most inclement seasons in the whole year, at which time, if the horse is exposed and neglected, the pores of the skin close up and the expulsion of the fluids cause it (left in that condition) Disease in some form, most always It is at this time that I consider your *Superlunatic Powder* indispensable, as it operates upon the pores and glands of the Skin, and causes the old hair to fall off and at the same time, makes way for the new and imparts to it a fine and glossy appearance.

THOMAS JONES, Farmer,
No. 10 Ash street

CAUTION—The astonishing success of Dillow's Heave Cure for the last two years, in the United States, has induced several persons to imitate and counterfeit it, and they even go so far as to caution the public against it, and endeavor thereby to palm off their nostrums as the only genuine article. We declare that "*Dillow's Heave Cure*" is the first article of the kind ever introduced in the United States, and we hereby offer the sum of *One Thousand Dollars* to any person, or persons who will prove to the contrary Consequently all others must be spurious!

ap4 G W LADD,

NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually!

10,000 CASES

OF SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a bottle, and then be far superior to any in use It is put into the Bottle in FULL STRENGTH and power, without reducing it and this is done for the special benefit of those who cannot, as it is objected to all other Sarsaparillas that they are Weak Clumsy Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better, Safer Surer and Cheaper than all others *THIS* Sarsaparilla has been used on all some of the best MEDICAL Talents and Skill on the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN who is truly the most distinguished of any in a large City for professional skill CERTIFIES, astonishing as it may seem, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for Diseases of the Lungs." Some will wonder at this REMARKABLE Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury" What distinguished compliment are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is, that it makes the BLOOD perfectly Pure, Rich Healthy, Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or Feverish, Skin yellow, Nerves deranged Diseases Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not tamper with the patient or prolong his sufferings But it first attacks the disease and expels it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Others only scatter or back on the dive into the LIVER LATER it wholly from the system—this saves the patient while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE the System so vigorous—Mind so cheerful—Nerves so quiet—Sleep so fine—Sprits so buoyant, that Medical Colleges, Professors, and Physicians always prefer it for the sake of its Superior ity Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the "HEALING ART" has been likened to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cured so far as they go this, hence it is that all the medicines which are used with the hope of Cure invariably and entirely fail But this Sarsaparilla has the SPECIAL ability, to cure every Description of Pain which come under this head It regulates the Secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirit—causes palpitation of the Heart—removes Blotches Pimples, Freckles

Manufactured by

JOS. L. KELLEY & CO.,
Chemists and Druggists, 108 *Middle Street, Portland, Maine.*

N. B.—Price 75 Cents a Bottle—for six Bottles, purchased at one time $3,00. For this sum being so the WORST Diseases can be cured!

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph;

DEAR SIR—I have myself almost no occasion for your inestimable Pills I have used them any six years, as occasion dictated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach From habitual costiveness, and the wording of nauseous and slimy stools I am completely relieved The multitudinous symptoms of Dyspepsia, with which I was once too well acquainted have so entirely passed away, that I hardly know what they were Any use you can make of this or a more full development of my case, is at your service

Except in an obstetric case your book (Family Physician) and Pills have been the only physician in my house for six years

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic cases Yours truly,

Horatio Wells

New Britain, Conn, May 20th, 1846

Important Letter.

MESSRS CURTIS & SMITH.

Dear Sirs—I herewith enclose you a few lines relative to your "Down's Elixer" which, for the benefit of the suffering if you think worthy you are at liberty to make public About a year and a half ago my mother became sick, so that in a short time we began greatly to fear for her life Her symptoms were, bad cough, pain in the side and stomach night sweats and other premonitory signs of pulmonary consumption We consulted our best physicians, who gave her little or no relief, and finally pronounced her case incurable consumption She continued to become weaker, and the symptoms more confirmed

About this time, at the suggestion of a friend, we concluded to try Downs' Elixer Having procured a bottle from your agent (S R Bynam of Eastport) she commenced taking it At first it seemed only to mitigate the severity of the symptoms, but in a short time her health began evidently to improve It cured her cough, relieved her night sweats, and greatly improved the tone of the whole system—After having continued to use most of the time for nearly a year she calls herself cured She is now able to go about the house and superintend affairs as usual Under God we believe that to Downs' Elixer alone, she owes the preservation of her life, and the restoration of former strength and energy We have planned it to our family in other cases for which it is recommended in the pamphlets, with universal success Yours truly,

(Signed) SWAIN P NORDSTROM

The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country, almost daily

DOWNS' ELIXER is unquestionably the best article known for the cure of *COUGHS, COLDS* and *CONSUMPTION* It is more certain to *relieve* in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public

In cases of *WHOOPING COUGH* it needs only to be tried to give it preference over all other remedies It immediately breaks up the cough, and renders a more playthings what it otherwise a scourge and terror For the *CROUP* it is a positive cure We speak with confidence, for it has never failed and we defy it to ever will, when used according to directions

Pamphlets giving a full description to be had of agents in almost every town and village in the country, and of the following who are prepared to sell at wholesale or retail

CONSUMPTION CURED!

TRIUMPHANT SUCCESS OF

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY

FOR

COLDS, COUGHS, ASTHMA and CONSUMPTION!

The most celebrated and INFALLIBLE remedy for Colds, Coughs, Asthma, or any form of PULMONARY CONSUMPTION, is the HUNGARIAN BALSAM of LIFE, now sold by Dr Buchan, of London, England, tested for upwards of seven years in Great Britain and on the Continent of Europe and introduced into the United States under the immediate superintendence of the inventor

The astonishing success of the Hungarian Balsam, in the cure of every form of CONSUMPTION, warrants the American Agent in ordering for treatment the WORST POSSIBLE CASES that can be found in the community cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians as confirmed and INCURABLE The Hungarian Balsam has cured and will cure the MOST DESPERATE of CASES. It is no quack nostrum but a standard English Medicine, of known and established efficacy

TO THE CONSUMPTIVE!

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of colds, coughs, spitting of blood, pain in the side and chest, irritation and soreness of the lungs, bronchitis, difficulty of breathing, hectic fever, night sweats, emaciation and general debility, asthma influenza, hooping cough, and fevers.

In cases of nervous diseases of the lungs, or seated Consumption, it is the ONLY SOURCE OF HOPE

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold It cures disease without vomiting, purging, sickening or debilitating the patient

The great beauty and superiority of this Sarsaparilla over all other medicines, while it eradicates diseases it invigorates the body It is one of the very best Fall and Winter medicines ever known, it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood, a power possessed by no other medicine! And in this has the grand secret of its wonderful success It has performed within the past two years, more than 35,000 cures of severe cases of disease; at least 20,000 of these were considered incurable

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
2000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
2000 cases of Consumption,

and thousands of cases of diseases of the blood, viz—Ulcers, carbuncles, salt rheum, pimples on the face, &c., together with numerous cases of such headache pain in the side and chest, spinal affections &c &c

Thus, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States informing us of such wonderful cures & We would be glad to refer to some of the most respectable citizens of Bangor, but refrain as we do not like to refer to any thing less than 1500 cases at one place. Of these are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the preventative of disease known It undoubtedly saves the lives of more than

5,000 CHILDREN, THE PAST SEASON,

and removed the cause of disease, and prepared them for the summer season It has never been known to injure in the least degree any child

RHEUMATISM

This Sarsaparilla is cured with the most perfect success in its annoying complaint however severe or chronic The astonishing cures it has performed are indeed wonderful Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen

☞ I hear Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford Conn The following is an extract of a letter received from him

Dr Townsend—I have used one bottle of your Sarsaparilla and I find it an excellent one in effects upon a chronic rheumatic pain to which I am subject from an injury received several years ago in a stage coach Please send me two bottle to the care of the Steamboat I have improved much on one bottle of your Sarsaparilla and refer you kindly to Mr SETH TERRY, Hartford, March 17 1846

CONSUMPTION CURED!

Cleanse and Strengthen Consumption can be cured Bronchitis Consumption Liver Complaint, Colds, Catarrh Coughs Asthma Spitting of Blood Soreness in the Chest Hectic Flush, Night Sweats Difficult or Profuse Expectoration Pain in the Side, &c have been and can be cured.

Dr Townsend—Dear Sir—In the winter previous to I took a violent cold which settled on my lungs, and affected me severely, in short, finally it became a constant hacking cough, but quite severe enough to prevent me from attending to my business Within the last few years it increased on me gradually At last I became fatigued—I breathed with difficulty, and coughed with my cough much worse at night and for the last nine months previous to using your Sarsaparilla, had regular night sweats, indeed, my friends and myself supposed that I would fall into the Consumption, but I have the happiness to inform you that to my surprise, after using three bottles of your Sarsaparilla I find my health restored It relieved me gradually, and I am now enjoying much better health than I have before in 20 years I had almost entirely lost my appetite which is now returned. You are at liberty to publish this with my name in the papers, if you choose

My little girl who is three years old had a very bad cough the winds of last Winter We became very much alarmed on her account. While using the medicine I gave her some of it, and it soon entirely relieved her of the cough, and she is well now, and hearty, as any child I ever saw She was also full of the Hooping cough, it took them away and her skin is smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine

S W CONANT, 444 Bowery.

GIRLS READ THIS.

You who have pale complexions, dull eyes, blotches on the face, tough skins, and are out of spirits, use a bottle or two of Dr Townsend's Sarsaparilla It will enliven your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or unnoticed discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or cause produced by irregularity, illness or accident.

Nothing can be more surprising than the invigorating effects on the human frame Persons only of its weakness and languish, from taking it, at once become human and full of energy under its influence It immediately eradicates from the constitution all the horrid results of the female Curse, which is the great source of the grave.

It will not be asserted of us, in cases of no delicate nature, to subject certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with a healthy offspring

Dr Townsend My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints and restored her to health Being grateful for the benefit she received, I take pleasure in thus acknowledging it and recommending it to the public M B MOORE.

Albany, Aug 12, 1847 Cor Grand and Lydius-st

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period may be delayed for several years by using this medicine Nor is it less valuable to those who are approaching women hood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all of the delicate diseases to which women are subject It braces the whole system, renews perfectly the natural energies—by removing the impurities of the body, but so far attempting the functions as to produce a subsequent relaxation—which is the case of most medicine taken for female weaknesses and disease

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla is a perfect control of the most obstinate diseases of the blood Three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine — They were afflicted very severely with it, and we have taken none for months, it took them away, for which I feel myself under deep obligation. Yr's respectfully,

ISAAC W BRAIN, 105 Worcester-st.

New York, March 1, 1847.

OPINIONS OF PHYSICIANS.

Dr Townsend is almost daily receiving at our shop physicians in different parts of the Union from this to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market H P FULING, M D,
J WILSON M D, E B BRIGGS, M.D.,
P E GILDERSORF, M D

Albany, April 1 1848

UNITED STATES OFFICER.

Capt. C. W McLean, of the U S Marine Corps, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Elsware, Jan 28, 1847.

A year since I was taken with the influenza and my whole system left in a dyspeptised state. I was induced to try Dr Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and continue it entirely to the said Sarsaparilla I have continued taking it, and find that I improve every day I believe that it saved my life, and would not be without it under any consideration C. W. McLEAN.

Patent Mill Wheels.

Timbey's Patent

Two Vent Cast Iron Water Wheels,

—for—

SAW MILLS,

Invented by T. R. Timbey of Cato N. Y.

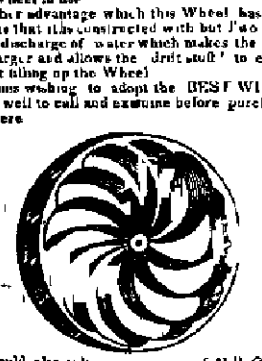
THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with all other popular

SAW MILL WHEELS

in use at the present time, and they can confidently recommend them with the same head and quantity of water applied, as possessing and combining more *Strength and Speed* and giving a more *uniform* and *Steady Motion* in and out of the cut (and therefore not liable to break cranks) and will also run *longer* and *Saw more Lumber* under a low head than any other Wheel in use

Another advantage which this Wheel has over others is that it is constructed with but Two Vent for the discharge of water which makes the apertures larger and allows the 'drift stuff' to escape without filling up the Wheel

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere



We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—for—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments Grist Mills, and are made of different sizes so as to give any amount of power required and from the reputation these Wheels have acquired by the successful operation of several hundred of them already in use and in use we feel confident recommend them as combining more advantages than any other Wheel for perpendicular shafts now used

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by THOMAS A. BEARD Esq *Civil Engineer*—I would state who is well known as one of the most scientific and experienced practical Engineers in this country

"This wheel is formed with curved floats the number depending upon the size and speed of the Wheel each extending so far around the Wheel that when the water arrives at the jet its pressure is so far expended that it falls very nearly inert from the Wheel The Wheel is inclosed in a cylindrical wooden curb or flume, in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water, and by this arrangement all the friction on the step and bearing of the Wheel is avoided, and so much of the power saved, which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water and will run as well at back water as out of it, providing the head rises as together as the back water But as Wheel with the jets rightly gauged for a high head will not answer for a low one, and vice versa for as the head increases the width of the jets should be proportionably decreased, so that the water may not come to waste and not give out its best effect to the Wheel

"In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless as it is liable to need repairs, easily accessible when they are needed costs much less as the outlay is much more durable, and takes very much less room in a mill or flume Simplicity of structure, durability of parts convenience of application and excellence of power are the grand points of recommendation for this Wheel

ITHAMAR A BEARD, *Civil Engineer*."

☞ All sizes of the above Wheels with all the LATEST and most IMPROVED patterns of Mill Gearing, Machinery, &c.; Shingle, Clapboard, Sapping, Lath and Box Machines;

Steam Engines and Boilers,

with all kinds of

PAPER MACHINERY,

manufactured and furnished on the most favorable

—terms—

HINCKLEY & EGERY.

DEAFNESS CAN BE CURED!

COOPER'S ETHEREAL OIL—A prompt and lasting remedy for *DEAFNESS*, also for pains and discharge of matter from the Ears

Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery

This valuable Acoustic Medicine is a compound of four different Oils one of which, the active and principal ingredient is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of Deafness

Persons who have been deaf for 10, 15 and even 20 years, have been permanently cured by using this Oil In fact, so numerous and so emphatic have been the testimonials in favor, that the inventor claims for it the distinction of an infallible Remedy in all cases, when the Ear is perfect in its formation

For further particulars, and evidence of its great value, see printed sheets in the hands of Agents

GENUINE CONGRESS GAITERS, a new article, at HEMENWAY & HERSEY'S

JULES HAUEL'S PREPARATIONS

TRY THEM, AND JUDGE FOR YOURSELF

TO THE PUBLIC

Wonderful That a Regular Practice of Physic adopted

YOU cannot object to giving my articles a trial if they are not found to be as represented to you by them, and your money will be cheerfully refunded Remember, there is no quackery in me humbug—this Arical will cost you nothing,—so if any one is humbugged, it will be myself. With the utmost confidence I recommend to the particular attention of the public the following articles. First—

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article (free from ardent spirits, pungent principle or other destructive materials) cleanses the hair, preserves it, renders it beautifully bright and supple, to it the most agreeable fragrance of the flowers It excites the vessels to a new and vigorous action, eliminates from the skin all dandruff, and is effectual in the restoration of the hair to its original color, when not entirely destroyed by old age, and is unequalled in any other preparation of the kind Second—

MY EAU DIVINE DE VENUS AND NYMPH SOAP

Composed of the Eastern Botanical Discovery of Surprising Efficacy for render ing the SKIN SOFT AND FAIR as that of a Delicate Beautie Due to the Competent

No lady's toilet is complete without this article it effect on the skin is strikingly beautiful it removes harshness, efaces the comedones and leaves a delicate roseate hue that cannot be surpassed This—

MY SHAVING CREAM.

Is a luxury to shave with Pulls directly From one Cream

This Cream is acknowledged by all connoisseurs to be superior to any in use It produces a delightful lather It does not smart or irritate like the customary soaps very soft and bland to the most delicate person will use any other, after once using this Cream Fourth—

MY DEPILATORY POWDER

This Powder has never failed to produce the effect It completely in about five minutes removes superfluous hair Shall be happy to give a trial with it upon the soles of the feet Cream, using masculine hair to the fairest lady in the land Sixth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.

A Chemical Secret not invented by me to dye the hair instantaneously without the least inconvenience

Why will the hair has been changed in a few minutes by using one or two of Jules Hauel's celebrated Vegetable Liquid Hair Dye

Produces a natural or green hair, whiskers, eyebrows or moustaches, black or chestnut color It has not the least consequence need not be told for it is evident it could not be similar It is composed entirely of vegetable substances, the composition of which is one sanctioned by the science of chemistry, in a most delicate manner, the various ingredients are prepared with all that care, attention and skill requisite for a liberal patronage and animation that my patrons have a right to expect

Beware of Counterfeits! Ask for Jules Hauel's "Vegetable Liquid Hair Dye," if you want it to dye Black or Brown

MY UNRIVALLED ROSE TOOTH PASTE.

Is universally sought after, for the pearly whiteness it gives to the Teeth, without the slightest injury to the enamel—

MY CELEBRATED PERSIAN OR CHINESE POWDER

Patronized by the Fashionable Worlds of the Continent and under the constant use patronage of the Ladies

These powders are so qualified in the nursery etc., by their mild and refreshing character to render the skin delicately white smooth and free from all cutaneous eruptions chapped lips sores too much exposure to the sun, impurities of the skin or from whatever cause they may arise, they will be found invaluable to those in warm climates—A high appreciation of which is gratefully expressed by the ladies

CONSTANT GUELOT

Fifth Daniel J. Desmond, Esq, Attorney at Law, and General Counsel of Prussia, Sardinia, Portugal and Tuscany

To Mr Jules Hauel

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to society and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations On trial of them in my own family and some of them personally I do positively declare that they are what they profess to be, skillfully prepared and compounded I am convinced of the great worth of your Eau Lustral Hair Restorative Shaving Cream, Nymph Soap and Rose Tooth Paste—I am fully satisfied of their intrinsic worth, and cheerfully recommend them to all for the use and purpose they are intended Nothing can excel the beauty and lustre imparted to the hair by the use of Jules Lustral Hair Restorative It invigorates the hair and promotes its growth The Shaving Cream is unsurpassed and decidedly excellent being a fine and high emollient composition—it does not impair or irritate the skin, while the Nymph Soap operates beautifully upon the pores of the skin and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay They are in their way invaluable

I have seen some of my friends who have used your Vegetable Liquid Hair Dye, its effects really wonderful It dyes the Hair in an insensible manner in a few minutes, and the color of the hair is really beautiful and may well dispute the new Spanish color, as it seems natural Yours &c DANIEL J.
